NURSES REGISTRATION & TRACKING SYSTEM (NRTS)

- ▶ **Nurses Registration and Tracking System (NRTS)** is a new registration system for nurses in India introduced by Indian Nursing Council.
- ▶ NRTS in India empowers **Nurses** with National Unique Identity Number (NUID).
- ▶ **Qualified Nurses** can register for Aadhar based Biometric authentication at respective state nursing councils.
- ▶ **Registration** facility is available at state nursing council.

MAIN OBJECTIVES OF NRTS:

- ▶ Identification of nurses / midwives with one unique number called NUID number.
- ▶ Issuance of Nurse Passport comprising of complete history of nurse / midwives across country.
- ▶ Online availability of data of active nurses/midwives across country.
- ▶ Computerized Live Register for various categories of nurses.
- ▶ Non-duplication of nurses / midwives data i.e., each nurse name will appear in only one State at any given time where they are working.
- ▶ Standard application form and procedures.
- ▶ Efficient service delivery mechanism.
- ▶ Online verification mechanism by organizations like teaching institutions/hospitals/clinics regarding registered and authentic nurse / midwife.

DETAILS OF THE NRTS IN JHARKHAND

- ▶ 19000 nurses are registered for NUID
- ▶ 14262 are approved
- ▶ 9231 NUID cards are downloaded
- ▶ Thus, JNRC stands *third* in NRTS in all over India. Kerala and Andhra Pradesh standing first and second respectively.

FINANCE

- ▶ The Jharkhand Nurses Registration Council functions with its own resources.

ACHIEVEMENTS

- ▶ Creation of JNRC official website
- ▶ Portal for Online payments
- ▶ Registration of Additional Qualification
- ▶ NOC And Affiliation to new ANM, GNM Schools ,B.Sc. and M.Sc Nursing Colleges
- ▶ Completion of pending work from 2015 (diploma and registration)
- ▶ Timely conduction of exams and declaration of result
- ▶ Third position in NRTS all over India

Thank you ...
